

Evoking Alchemy, LLC Presents  
**Dynamic Equilibrium™ - *Elementals and Energetics***  
**A 9-Day Training and Rite of Passage**  
**August 25th - September 2nd, 2016**

Evoking Alchemy, LLC presents “Dynamic Equilibrium™ - *Elementals and Energetics*” on the island of Grand Manan, New Brunswick. The program will begin at Castalia Marsh Retreat Center with energetics teachings and session work. Then there will be a three day “solo” period when you will be camping out on the cliffs overlooking the ocean. This solo time gives you the opportunity to meet and understand your energy body in a whole new way, engaging with the basic elements of life on this planet: earth, water, fire, air and ether. It will allow you to draw on the energetic challenges, support and learning that are offered to us when we engage directly with the elements —our innate nature meets and engages with the deep nature of all life on earth. It is a kind of energetic and soul-level reunion of human nature with the nature of our place and unfolding purpose on this planet. This reunion can ignite a significant transformative process toward greater energetic health, agility and mastery. After the solo time, we will gather again at Castalia Marsh to to process and integrate the work of the previous days and prepare you to take that work forward into your life.

**Program Schedule:**

Begins the evening of Thursday, August 25th, 2016

Complete on the morning of Friday, September 2nd, 2016

8/25 Thursday	Day 1 — arrive Castalia Marsh Retreat Center afternoon/evening - evening session
